As Unitarian Universalist congregations in the Commonwealth of Pennsylvania, we seek to bring our liberal religious message of justice, compassion, and human rights into the state legislative process. We acknowledge that Unitarian Universalist legislative advocacy will be more effective when we cooperate and collaborate with one another. Therefore: We, the Unitarian Universalist congregations in the Commonwealth of Pennsylvania, covenant to support the Unitarian Universalist Pennsylvania Legislative Advocacy Network (UUPLAN) by engaging in effective and cooperative social justice efforts, which affect the people and land of our state. We will also provide a steady and predictable stream of financial resources. Specifically, we covenant to make an annual contribution to UUPLAN at least equal to five dollars times the number of members we report to the Unitarian Universalist Association on February 1 of each year.
